## Gidge SHOW

### 2023 ENTERTAINMENT

**Birds of Prey**

**Snakes Alive**

**Critters Up Close**

**Marine Touch Pool**

A huge thank you to the fabulous team at City of Swan for their continued support, and sponsorship, of the Gidgegannup Show. Community events such as this just wouldn't be possible without their ongoing assistance.

We also thank the volunteers who have stepped up to assist with Office Admin and Groundspace.

There is so much work to do and more hands mean less work, so anyone with time and willing to help on the day will be very welcome.

Planning is progressing with the Show Schedule almost ready to go to print, activities for children in review and a huge variety of entertainment booked.

Don't forget, bookings are now open for Stall Holders for the 2023 Gidge Show on 28th October.

For further details please go to:

<http://www.gidgegannup.info/gidge-show/>

**What would be  
the Gidge Show  
without a  
Sheaf Toss?**

Thank you to Midland Towbar  
& West Coast Trailer Parts &  
Accessories for their very  
generous ongoing sponsorship of  
this event.

**The Log Chop, a crowd favourite,  
will be back again**

## Gidgegram August 2023: Deadline 20 July 2023 - Distribution 27 July 2023

## BULLDOGS BARKING

Round 8 saw us take on Mt Helena away in a double header on Sunday afternoon.

Tricky conditions saw a hard contest throughout the game with the bulldogs coming through with the win. We are currently sitting second on the ladder after 8 rounds.  
Final score - Gidgegannup 12.12.84 defeating Mt Helena 8.10.58

Best on Ground sponsored by The Young Family: Andrew Style

Second Best sponsored by ProWeld Mine Maintenance: Jarrad Young

Third Best sponsored by Larry Croft Plumbing : Joseph Kendall

Coach's Award sponsored by The Davis Family: Dylan Cahill  
Goal Kickers: Declan Whife, Andrew Style 3 - Dylan Cahill 2 - Jayden Bathurst, Matthew Broderick, Kalib Docking, Jarrad Young 1

The boys had a good training session on Thursday night as they prepared to face Warwick Greenwood on Sunday June 18 at 2pm on the home ground.

## PUMP REPAIRS

- Household pressure pumps
- Submersible pumps
- Pool and Solar pumps
- New pumps supplied and installed
- Bore Flow Testing
- Water Tanks
- Trenching for pipes and power

# Gidge Gossips

By Sally Block

I don't think I have been so cold since we left the UK. No snow yet though. The rain has been great but we will need a lot more this year. Here at frosty hollow we have had nearly 300mm in the guage. The brooks are flowing but not overly full and a dry fortnight is coming up, which will be great as we can get some heaps burning at last. We have had wood fires each evening for weeks now.

★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★

The grass is just beginning to get away even though it turned green in April. On the flats by the brooks growth is good but up the hill when it goes from loam to gravel, not great and the cold hasn't helped. Still hand feeding everything and that will be for a while.

★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★

After nearly two months of nose to the computer with the Field Day I am at last getting the house under control and will be hitting the garden soon. Great to get out there as there is so much to do. We are still tidying the property up from the bushfire in 2021 and are gradually getting there. Didn't help that we had our Rye Grass Toxicity episode last year with the horses. We did lose a foal but the mare is well on her way again and our other mare had a beautiful filly, Bronte.

★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★

Although great to have the Field Day it is good to have time to resume a "normal" life, whatever that is?

The Gidge Bulldogs are doing well which is just as well as the Eagles are doing zilch and the Dockers are not doing as well as they started out.

★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★

The highlight – The Cricket (specifically the Test Cricket). The shorter form of the game is great but there is nothing quite like Test Cricket, Chess on grass.

★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★

Wimbledon will be underway soon so it will be raining again in the UK.

★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★

It has been an amazing year for pageantry culminating with the Coronation and the Trooping the Colour. No one does it better than the Poms.

★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★

Gidge carries on as usual with events at the Noble Falls and the Rec Club as we all look forward to Spring.

★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★

There is the slow recovery from the 2021 Bushfire and we tend to forget, as we get on with our lives, those whose lives were shattered just over two years ago and it is so good to see building going on around those parts of Gidge most affected. That was the worst fire in 60 years and hopefully we will not see another one like that. Positivity though is that we are recovering and will continue to do so.

## And the joke!

A few minutes before the services started, Satan appeared at the front of the church.

Everyone started screaming and running for the front entrance, trampling each other in a frantic effort to get away from evil incarnate.

Soon the church was empty except for one elderly gentleman who sat calmly in his pew without moving, seemingly oblivious to the fact that God's ultimate enemy was in his presence.

So Satan walked up to the man and said,

"Do you know who I am?"

The man replied, "Yep, sure do."

"Aren't you afraid of me?" Satan asked.

"Nope, sure ain't." said the man.

"Don't you realize I can kill you with one word?" asked Satan.

"Don't doubt it for a minute," returned the old man, in an even tone.

"Did you know that I can cause you profound, horrifying AGONY for all eternity?" persisted Satan.

"Yep," was the calm reply.

"And you are still not afraid?" asked Satan.

"Nope," said the old man.

More than a little perturbed, Satan asked, "Why aren't you afraid of me?"

The man calmly replied,

"Been married to your sister for 48 years."

## Gidge SHOW

**The last Saturday in October!**

# GIDGEGANNUP PROGRESS ASSOCIATION INC.

**gpa@gidgegannup.info – www.gidgegannup.info**

**Next Meeting: 17th July 2023 (AGM), at 7.30pm at the Agricultural Hall.**

## LAP (Local Area Planning)

The first stage of the LAP has closed and after analysis of the surveys in response to the first phase, which has been excellent, Phase 2 will commence later this year to elicit further detail. It seems clear objectives have been identified as to how the community wishes Gidgegannup to develop.

The following Thank you has been received from the City.

Thank you so much for having your say on the Gidgegannup Local Area Plan! Your input and ideas will shape how the City spends its budget and what we advocate for in Gidgegannup, Red Hill, and Avon Valley National Park.

**293** people told us what they love about Gidgegannup, and **341** told us what their priorities are for the area! This is an incredible result and we are blown away by how passionately locals came on board for the future of Gidgegannup local area.

We are currently evaluating the responses and preparing for the next phase of engagement. In Phase 2, we will check back in with the Gidgegannup local area community to confirm the top priorities from Phase 1, and to discuss specific projects needed to address those priorities over the next five years.

Watch this space for further news and thanks again for taking the time to talk to us. Please reach out if you have any questions, via phone on 9278 9626 or [gayle.oleary@swan.wa.gov.au](mailto:gayle.oleary@swan.wa.gov.au)

## SHOWGROUND USER GROUP

The Gidgegannup Men Shed have held a meeting of User Groups of the Showgrounds and are proposing to have a User Group Committee formed to meet quarterly.

The Agenda of the meeting was:

- discussion of the purpose of this group, ie what we can achieve to improve the situation for all at the showgrounds?
- to facilitate the above it is thought we need to first share / discuss the activities of the various Showgrounds user groups, including problems / difficulties experienced within each of the separate groups.

**WAYNE BEST**

**LIVESTOCK TRANSPORT**

24ft Tray for Cattle  
or Double Deck  
for Sheep

*Please Book Ahead*

Wayne & Kerry Best  
T: 9574 6153 - E: [bestys151@bigpond.com](mailto:bestys151@bigpond.com)  
151 Reen Rd Gidgegannup WA 6083

**0409 101 253**

Possible future projects:

- coordinating efforts (ie shared work groups) on projects for the benefit of all Showgrounds user groups,
- lobbying City of Swan to assist on projects at the Gidgegannup Showgrounds,
- possibility of forming an entity to enable grant funding applications.

One immediate example is for this joint committee group to review the areas at the Eastern end of the Showgrounds that CoS had proposed as a conservation area. Through the process of consultation regarding the Mens Shed's construction plans, it has become clear that the majority of Showgrounds Stakeholders oppose the City's redirection of this Eastern area of the Showgrounds from its previous & intended showgrounds & community use, into a conservation area - thereby preventing expansion of showgrounds and other community usages.

The GPA and Experience Gidgegannup had representatives attend this meeting:

Queries raised:

The necessity for such a formalised group and whether this meeting encompassed all user groups. The Showgrounds were gifted in 1946 for the use of the Gidgegannup Community, so everyone in Gidgegannup, if wished, has the right to input on any such group. This need appears to be adequately met at the moment with information published in the Gidgegram and on the Community Website.

A Showground user group was supported but to be quite informal and led by the Gidgegannup Agricultural Society. The Agricultural Society has built and maintained the infrastructure on the Showgrounds since this land was gifted to the Community in 1946. The Agricultural Society has also negotiated with the City a Trust Deed to provide certainty that this land will be held for the Community of Gidgegannup in perpetuity.

## ABORIGINAL CULTURAL HERITAGE ACT;

A number of concerns have been expressed and a petition was raised regarding this Law coming into being on 1<sup>st</sup> July 2023. The State Government will push ahead with plans to implement the Aboriginal Cultural Heritage Act from 1<sup>st</sup> July 2023 with or without a key pillar of the reform's proposed permitting structure.

Latest information from Jessica Shaw's office:

*Continued overpage*

*Jessica Shaw MLA*

Thank you for your email and apologies in the delay in getting back to you. We greatly appreciate GPA for bringing these issues and concerns regarding the Aboriginal Cultural Heritage (ACH) Act 2021 to our further attention.

We understand that there are significant implications and uncertainties surrounding the application of this act, particularly in relation to watercourses, dams, structures, and culverts. Furthermore, we have also received a number of other concerns from other constituents recently which further highlight a need for clarity on the implementation of the ACH Act 2021.

We have compiled and taken the concerns expressed to us for the attention of the Minister for Aboriginal Affairs' office. They are aware of the issues raised and are actively working to address them. The Minister's office has informed us that they are in the process of organising a meeting with us to discuss the various issues we've flagged with them. I will work to provide you with an update once we have received further consultation from the Minister's office once received.

In sharing what information I have received so far, I can advise that:

- Everything that land users are already doing now will be permitted under the new Act (exemptions apply for 'like for like' activities).
- All residential properties under 1100sqm will be exempt from the Act.

- For land greater than 1100sqm, a permit or management plan will only be required where activities are expected to impact Aboriginal cultural heritage.
  - In many cases in metropolitan areas this will not apply – particularly where land has already been disturbed.\*
  - \* Given our peri-urban location we are seeking further clarification with the Minister's office on permits and management plans.

I can also advise to the GPA (and others with concerns) to reach out to the Department of Planning, Lands and Heritage to further raise their concerns and more-specific queries relating to Aboriginal Cultural Heritage for any upcoming works or activities. They can be contacted on 08 6551 8002 or email [achimplementation@dplh.wa.gov.au](mailto:achimplementation@dplh.wa.gov.au) and have an ACH implementation team equipped to assist in providing specific guidance and information.

We appreciate your patience and understanding as we work towards finding clarification and resolution on coming implementation of the ACH Act 2021. I hope this information is helpful to you and the other members of GPA. We recognise the importance of balancing cultural heritage considerations with the realistic needs of landholders and the wider community. Rest assured that we are committed to addressing these concerns in a timely and appropriate manner.

Thank you again for sharing these important concerns and considerations for our attention, and we will be in touch with further updates as soon as we receive them.

for Bushfire Guidelines reflect different levels of bushfire risk

- Community feedback will help inform the final policy and guidelines
- Updated policy continues the Government's delivery of 2019 Action Plan for Bushfire Framework Review

The McGowan Government has today released a revised planning policy framework in response to the 2019 Action Plan for Bushfire Framework Review.

The action plan and review of the bushfire policy frameworks were undertaken in response to community concerns about bushfire reforms implemented in 2015.

The draft State Planning Policy 3.7: Bushfire and Planning for Bushfire Guidelines has been informed by extensive policy development, consultation and testing and is now open for public comment.

Significant changes have been made to the policy and supporting guidelines to incorporate a contemporary best-practice approach to planning in bushfire prone areas and address implementation issues experienced with the previous policy framework.

Comprehensive engagement with the development sector, local government and industry has helped identify key improvements to the State's bushfire planning framework which include:

- a stronger emphasis on considering bushfire requirements in early planning stages;
- new policy provisions to apply to different categories on the draft Map of Bush Fire Prone Areas;
- introduction of an assessment of the broader landscape surrounding a development site, as a means of identifying locations with an unacceptable level of bushfire risk;
- an outcomes-based approach to facilitate improved flexibility and understanding by decision-makers; and
- clearer guidance and a more user-friendly format as the guidelines are now divided into sections based on the planning stage

To make a submission on the draft State Planning Policy 3.7: Bushfire and Planning for Bushfire Guidelines visit <https://consultation.dplh.wa.gov.au/>. Comments close on Monday 17 July 2023.

# Gonneville Project Update

## Environmental work at Gonneville

The Chalice environmental team have been busy with a program of baseline fauna surveys commencing this month. The surveys are conducted by teams of specialist zoologists and are designed to gather information on wildlife in the region.

This work includes targeted Black Cockatoo surveys and habitat assessments, along with monitoring of Chuditch in the region. This work will be used in our Gonneville Project studies to minimise and avoid impact to wildlife and the environment.

This round of surveys will complement and expand on the extensive surveys Chalice has already conducted, covering a ~6,000 ha area. Traditional Owners participate in environmental surveys together with botanists and zoologists. Future work includes insect and aquatics surveys.

Work also continues on our ongoing water monitoring program, which includes regularly testing groundwater and surface water samples. Chalice recognises that water is a critical, shared resource and these baseline surveys will help us deliver on our goal to ensure our future activities do not impact water usage for others.

We look forward to keeping you updated as this environmental work progresses.

## Get in Touch

Sign up to receive our Community Newsletter at  
[www.chalicemining.com/community-newsletter](http://www.chalicemining.com/community-newsletter)

## Cultural Heritage Update

Since Chalice began exploring the region, we have carefully managed our exploration activities under the Cultural Heritage Management Plans developed by Yued and Whadjuk Traditional Owners. This includes monitoring conducted by Yued and Whadjuk representatives before a drill rig can be mobilised in the Julimar State Forest. The role of the monitors is to confirm that our drilling activities are taking place within areas that do not contain any cultural heritage sites.

Chalice recently hosted a certificate presentation to acknowledge the work of Yued heritage monitors who participated in the Phase 1 Julimar Project exploration program. The event was held in Moora and allowed Chalice to thank the monitors for their hard work and enjoy lunch together.

## Chalice in the Community

Chalice is a proud supporter of local wildlife rescue group, the Marsupial Mammals and Pappas who rehabilitate roadside injured or orphaned animals. Our latest funding has helped provide the group with a new marquee, and we encourage you to visit them and learn more about their great work at the Toodyay Farmers Market.

As the winter months become darker, it is a timely reminder to be extra vigilant when driving at dawn and dusk when wildlife are more active. If you come across any injured wildlife and are unsure of what to do, call Brian 0419 933 721 or Robyn 0417 173 283 from Mammals and Pappas.

## Don't forget to update Community Numbers

Due to changes in telephone services and NBN connections, many people have cancelled their landlines. If your details have changed please send new details to [ps.harms@redbrookart.com.au](mailto:ps.harms@redbrookart.com.au) to ensure the community numbers list on the back page of the Gidgegram can be updated.

# *Be wary of early overgrazing on new pastures*

## **Around the Paddock** by The Farmer

June has really come to the party with some very decent downpours.

Good as this has been, it has made it a little hard to get the top dressing and seeding underway.

The early planted crops will be sprouting now, but as always there is a downside to everything.

With the rain has come some very cold days, which will slow down the growth of these crops.

If it hasn't been already done, when it is possible get on the sown areas and pick up the sticks and rocks.

Far easier to do it whilst they are visible.

If pasture has been planted be cautious not to put any animals onto it too early.

One simple way to find out if the new growth can withstand any grazing is the "tug" test.

If the grasses and clovers can be easily pulled out, then it is usually not strong enough for grazing.

Once the pasture is about 100mm high it is usually strong enough to have limited grazing.

Do not overstock these new pasture areas, about half-a-day every 3-4 days will allow the new feed to stay in front during the cooler months.

If hay is what has been planted, it is extremely important to have the paddocks clean and as flat as possible.

If a paddock roller is available, then this will push down/crush any rocks back into the ground, though it is best policy to hand pick any wood and larger rocks first.

After about 6-8 weeks from germination, a fertiliser top dressing should be applied.

For pasture, a Spring time booster will give excellent results, if applied at around 100kg to the hectare.

For hay crops, granular Urea is best if applied at around 120kg to the hectare.

If using liquid be somewhat cautious with the amount being sprayed. Using a mix that is too much can burn the growing crop and set it back somewhat.

If possible this is best done before a rain event is due. Asking a bit much at times I know, but what the God's send down certainly helps with dissolving the applied product.

Vermin love these new plants – rabbits, ducks, kangaroos and of course the pink and grey cockies.

These pests can munch through a large area if they are given the opportunity.

Rabbits and ducks are easier to control, but the roos and cockies are a different scenario.

Also keep an eye out for snails and mice, another scourge to newly germinating crops. They can be bated, though beware of keeping any dogs and poultry away from these areas when baits have been put out.

### New born animals

With any new born animals appearing now, it is imperative that they and their mothers have the necessary shelter to protect them from the changes in temperature and the cool to cold winds that blow this time of the year.

The antics of newborns can be very amusing to watch, but always keep pets and children at a safe distance from the protective mothers.

Rule of thumb - be safe and not sorry.

If during lambing or calving and a problem crops up, in most instances a vet is the best option to help alleviate any problem in this process, which should finish with a happy ending.

So all that is needed now is for the tanks/dams to be filled and the sun to shine for a couple of days a week.

Great for the crops and the livestock alike.

## Would you like pain relief solutions?

My name is Nadine Chambers, I have recently moved my clinic to the Perth hills to help more people because of the demand. I am extremely passionate about helping people to find ways to improve their lives to find ways to live happier & healthier more peaceful pain free lives.

I have been a Remedial Therapist, Hypnotherapist & Health & Wellness Therapist for nearly 25 years now, so helping people is in my blood. I was introduced to Stepforward more than three years ago. I became a Clinical Consultant and after treating all of my Remedial clients to start with, and after seeing such positive feedback and life changing results I realised I had something I needed to share with everyone that I could. I soon realised how many people desperately needed a solution that didn't involve surgery or pain medications. I can't begin to tell you how many peoples lives I have helped change for the better. We all know the importance of our feet, but we truly don't consider them until they are in pain. People don't even consider them when they suffer ankle, knee, hip or back pain, but they play a huge role. Your feet are truly your foundation, any imbalances have an huge impact on the whole body. Let me give you back balance and reduce wear and tear of your joints.

I offer people a free no obligation foot and postural alignment assessment. As your feet are your foundation, any imbalances from collapsed or high arches can cause rolling in or out, encouraging problems to rise up thru the body resulting in so many aches and pains. Imbalances can lead to bunions, heel spurs, morton's neuroma's, plantar fasciitis, ankle problems, knee, hip, back or neck tension, wearing down of the joints and a change in your posture. People spend so much money on trying to find comfortable shoes, and searching for chiropractors, physiotherapist, podiatrists, and Doctors for a temporary solution and cortisone injections, these are not treating the cause but the symptoms.

*Medications and pain killers are only Band-Aid treatments and lead to more problems down the track.*

This free no obligation foot assessment can end all searching. I go thru the findings from the foot assessment and let the client know based on the findings, what the impact on the body is. I custom fit flexing corrective Orthotics based on the bone structure of your feet and let your body give feed back straight away. You will feel taller, straighter, balanced, and more importantly notice the relief in the body as pressure is taken off the joints and all arches are fully supported.

*Essentially these orthotics are like being barefoot, just like nature intended.*

These orthotics originated in Germany nearly 50 years ago and have a 98 percent success rate. Unlike most orthotics, these flex and support three arches not just one like all other hard fixed orthotics on the market and are half the price.

The Orthotics can be purchased on the day of the assessment, or you can take your assessment and all the information to think about it. We are recognised thru the therapeutic goods administration as a medical item and don't attract GST. You can also claim back with certain health funds.

You can come to me or I can come to you & do group fittings for 3 people or more.

Who needs these? Everyone with a pair of feet, wearing shoes that don't support you (being most shoes on the market), or walking indoors on hard surfaces.

Young growing children, athletes, dancers, workers in work boots, women who wear high heels, people on their feet all day, the elderly to give balance back and prevent falls.

**Give me a call to book your free appointment, normally \$95**

## SMALL FARM FIELD DAY

We got to the Field Day in one piece and what a day it was. The weather was great and we had a huge range of exhibitors across the whole grounds from the Alpaca Expo and Show in the West, through the Machinery area, the Livestock area, General Ground Space, the Arena the Hall, the Slow Food Movement/Olive Festival to the Honey Festival in the East. The whole grounds was packed with entertainment, education and enchantment especially for the huge amount of children who attended. Traffic was backed up at one stage nearly to Red Hill. The visitors came out in force and we had a record number through the gates. Huge thanks to the Countryman Newspaper for the full page ads in The Countryman, The West and The Sunday Times. Gidge was certainly on the map that weekend.

Our facebook page in the weeks up to the Field Day was getting busier and busier and even after the day feedback and comments was coming in for over three weeks.

We have had our debriefing meeting and analysed the things that went well and the things that went not so well. Fortunately the Committee dealt with them swiftly and

efficiently and were relieved that they weren't of our own making.

We hope everyone had a great time, we did, even though we did all collapse in a heap that night. It takes a tremendous amount of planning and work to put on an event such as this and Gidgegannup are so fortunate as they will have a second event in October – The Gidgegannup Show. Not many communities put on one event like this, let alone two. A fantastic opportunity to promote and showcase our agricultural businesses, our community groups and all the other small businesses that came along on the day. We hope you enjoyed it and we will see you again next year.

Thanks so much to our visitors, our exhibitors, our community groups, our School, our entertainers and our sponsors – The Countryman, The City of Swan and the Mundaring Community Bank.
